BestCare Pain Management: Bend, Redmond, Madras. 541-504-2218

Chronic pain can be managed without medication through our holistic treatment, which includes an anti-inflammation diet, mindfulness training, acupuncture, massage and moderate exercise. Our support staff is here to help you treat both your addiction and the underlying pain that may be causing you to abuse substances in the first place. Our pain management specialists can work hand-in-hand with your doctor or pain management provider to coordinate your treatment with their care
